### **WHAT IS AUTISM?**

Autism Spectrum Disorder (ASD) and Autism are both general terms for a group of complex disorders of brain development. These disorders are characterized, in varying degrees, by difficulties in social interaction, verbal and nonverbal communication and repetitive behaviors. About 1 in 59 children have been identified with Autism Spectrum Disorder (ASD).\*

### **WHO IS CAMP PUZZLE PEACE?**

Camp Puzzle Peace (CPP) is a grassroots non-profit organization created by a collaboration of educators and parents. Our mission is to provide traditional family experiences for all families in the greater Rochester/Finger Lakes area. We are an inclusive organization for family members with ASD and other developmental delays as well as without disabilities. We provide skill-building opportunities to families and children that promote independence, healthy active lifestyles, networking and greater opportunities for families to participate in their community.

### **WHAT IS THE FAMILY AUTISM CENTER?**

Our program center on University Avenue in Rochester has allowed us to expand our reach to accommodate more families.

\*CDC's Autism and Developmental Disabilities Monitoring (ADDM) Network
